Subject: Fwd: Reminder for PROWAR: National Level Project Competition @ Galgotias University , 6th may 2017

Greetings!

School of Computing Science and Engineering, Galgotias University announces "National Level Project Competition 2017(PROWAR)".

The main objective of this competition is to provide an opportunity to bring together students and present their ideas, results and development activities in the fields of computer science. The project competition gives an opportunity to students to showcase their talent, research orientation and untapped potential. This national level competition will provide a forum to students for presenting and discussing about the new design, innovative ideas, alternative technologies and findings in the field of computer science.

In this regard, I request you to encourage the students to participate in the **"National Level Project Competition 2017 (PROWAR)".**

/ Appreciation Certificate to Guide **/**

For Registration:

Submission of Project Report

After completion of Registration, Project Report should be sent to mail id prowarcse2017@gmail.com on or before **25th April 2017**.
