Subject: Request Placement drive by TeacherSITY to select top performing PG students of Punjabi University for Talent and Excellence in Education(TEE) program for the batch 2017-18.

Dear Dr. Dham,

Greetings from Teacher SITY!!!
It was pleasure connecting with you a while ago.
At the onset, we attach a note introducing our organisation – TeacherSITY, training vertical of Delhi Public School Ghaziabad Society, *a movement to reinvent K 12 teachers in response to the 21st Century challenges.*
The program Talent and Excellence in Education (TEE) has been undertaken by TeacherSITY along with DPSG schools with an objective of delivering quality education in K 12 schools by ensuring the intake of quality teachers at the beginners level.
The program TEE is aimed at attracting promising young post graduates to school education. The selected candidates are given transformational training for teaching skill development along with a stipend of Rs. 25000 p.m. Post completion of 10 months training, they are given placement in reputed schools across country paying as per VI pay commission. PFA the document giving an insight into the program TEE
Journey to Talent and Excellence in Education (TEE) commenced on Jul 06, 2015. The first two

batches are already placed in reputed schools receiving appreciation from school leaders.

TeacherSITY continues on the journey to handpick final year PG students from all disciplines for The program Talent and Excellence in Education(TEE) 2017-18 batch. We are on lookout for promising post graduates in school teaching subjects who aspire to be the torch bearers to spearhead the change the way teachers teach and the students learn; the ones wanting to be the learners and prepare learners for life and future- a future which is uncertain and challenging.

We summarize the vision for TEE 2017-18 in the attached document and would like to visit Punjabi university for selecting the prospective candidates as per date and time convenient to the university.

Awaiting your response.

Undersigned is available 24x7 @ 09899677055 to respond to any clarification by the university and the students.

Warm Regards

Col (Retd) B S Braria
