Sub: Interview schedules

Dear Sir,

The company was incorporated in the year 2012.

Debut Infotech is privately held and is an existing, Profit making and professionally managed company.

Today, Debut Infotech has the experience to undertake any IT Development works on a single point responsibility basis.

Our activities are WEB Development, APP development, Enterprise product Development, Digital Marketing work. We are operating from Mohali. We are working with Small to Large Corporations worldwide.

As per our Company's policy, we induct fresh Engineers at entry level usually through campus recruitment, (provide them on – job training), and absorb them in the permanent cadre of the company on completion of the training depending upon availability of vacancy and groom them for senior position. At times, we make mid – career recruitments for lateral entry.

The Company has 70 numbers of employees, including Product Manager, Software Engineer, Quality Analyst, Business Analyst and from different roles as required in IT Industry.

Our campus recruitment programme for the year 2017-2018 will be commenced shortly. As a part of this programme, we intend to visit your campus to conduct interview of your Final Year Computer Engineering Students.

We would seek suitable dates for Pre - placement Talks and subsequent Group Discussion and Interview. Looking forward for an early communication from your end.

Some of the points:

Training will be divided into two phases: (Stipend offered – INR 6k) from fourth month of training.

1st Phase: Training or learning on particular Domains for 3 months. On weekly basis Task will be given to Trainees and their evaluation will be done on 360-degree basis. As per this evaluation only they will go for 2nd Phase.

2nd Phase: Live projects Training for next three months.

On enrollment in Company Process offered Packaged will be 1.80 TO 2.40 Lakh as per the candidate Caliber or potentials.

Increment will be given as per the Company Policy.

Thanking you,

*Your sincerely,
